

# Chiricahua Leopard Frog Certification Workshop

8-9 June 2006

Rio Rico Fire Department Station #2  
Calle Calabasas  
Rio Rico, Arizona

- Become certified to survey for the threatened Chiricahua leopard frog and find out how to obtain necessary permits from the U.S. Fish and Wildlife Service
- Informational presentations and lab session on day 1 will cover the following topics:
  - Basic biology of the Chiricahua leopard frog
  - Identification of all Arizona leopard frogs
  - Threats to Chiricahua leopard frogs
  - Survey technique and protocol
  - Evaluation of projects that may affect Chiricahua leopard frogs
- Field trips on day 2 will provide hands-on experience with Chiricahua leopard frogs and survey techniques
- Interested individuals should respond to [sgoforth@azgfd.gov](mailto:sgoforth@azgfd.gov) by Friday, May 12th. If responding on behalf of individuals in your organization, please convey the names and/or number of spaces you would like to reserve for them.
